DEPARTMENT OF ENERGY

[OE Docket No. EA-388]

Application to Export Electric Energy;
TEC Energy Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of Application.

SUMMARY: TEC Energy Inc. (TEC) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act (FPA).

DATES: Comments, protests, or motions to intervene must be submitted on or before **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

ADDRESSES: Comments, protests, or motions to intervene should be addressed to: Michael Rodrigue, Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Michael.Rodrigue@hq.doe.gov, or by facsimile to 202-586-8008.

FOR FURTHER INFORMATION CONTACT: Michael Rodrigue (Program Office) at 202-586-2942, or by e-mail at Michael.Rodrigue@hq.doe.gov.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. §§ 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. § 824a(e)).

On September 13, 2013, DOE received an application from TEC for authority to transmit electric energy from the United States to Canada for five years as a power marketer using existing international transmission facilities. TEC does not own any electric transmission facilities nor does it hold a franchised service area. TEC states that it will make all of the necessary commercial arrangements and will obtain any and all of the required regulatory approvals.

The electric energy that TEC proposes to export to Canada would be surplus energy purchased from electric utilities and other entities within the United States. The existing international transmission facilities to be utilized by TEC have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

PROCEDURAL MATTERS: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments on the TEC application to export electric energy to Canada should be clearly marked with OE Docket No. EA-388. An additional copy is to be provided directly to Etienne Lapointe, Chief Financial Officer, TEC Energy Inc., 112 Place Terroux, St-Lambert, Quebec, Canada J4R2W2 and Legalinc Corporate Services Inc, 35-15 84th Street, 2H, Jackson Heights, NY 11372. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program website at

<http://energy.gov/node/11845>, or by emailing Angela Troy at Angela.Troy@hq.doe.gov.

Issued in Washington, D.C., on October 22, 2013.
